

Invitation to Delegates

21st December 2008

Thanks Team SICMA for hosting such a nice conference. Congratulations, Mr. Anil Kumar Reddy for assuming the office of FCBM President.

Next year EICMA will be holding the conference after 14 years; our young & energetic team will leave no stone unturned to make the event memorable one.

We are fortunate that our past president Sri B.D. Kothari has given his consent to become the CONFERENCE CHAIRMAN.

Friends, I don't promise you that we will give grand reception; I promise you that our reception will be full of warmth & love. I don't promise you that we shall provide posh, rich and elegant arrangements. I promise our arrangements will be reasonable, comfortable and respectable.

Friends, when we have experienced icon like A.B. Sahib & sincere guide like RG Sahib, we are bound to perform well to match their high standard.

In fact we are packaging experts, we have even packaged readymade Tata's NANO project to Gujarat very successfully.

Once again, I request you to come in huge numbers, you will be more than welcomed to the city of joy, misti doi & rosogollas.

We shall try to announce Venue and convenient dates by March M.C. meeting.
