Team EICMA has eagerly waited for 14 years to receive & greet you at the Industry Event of the year. I feel happy to see all of you here today.

I extend my heartiest welcome to all the dignitaries on the dais and to the august gathering to the 38<sup>th</sup> FCBM Conference hosted by EICMA.

I extend a warm welcome to overseas speakers, delegates and exhibitors – especially those from China for bestowing their confidence in the Indian Corrugated Box industry.

Well, an event of this magnitude has only been possible with the whole hearted support of sponsoring companies. Indeed the conference has been fortunate to receive your overwhelming response and I am delighted to extend a very warm welcome to all the sponsors.

An exhibition has been setup concurrently with the conference titled - CORRUPACK 2009 which has received enthusiastic response. I do hope the exhibitors will enjoy their participation and reap benefits. Welcome to “CORRUPACK 2009.”

I extend special welcome to our friends from the press & media and would sincerely urge them to reach out the deliberations of the event to the audiences.

And to all of you, who have come from all over country and overseas, welcome to Kolkata, do have a great time here and return back with very pleasant memories.
