

How to download FVU file from NSDL Website to revise e-TDS return

Deductors are required to file eTDS statement every quarter. Any error / omission in original statement filed has to be rectified by filing a correction statement. It was possible to file multiple correction statement in respect of one original return; however this was not happening because of the following reasons:-

NSDL has now started this facility of downloading latest TDS / TCS consolidated statement, incorporating all updates done via correction statements
